Experience

Labor contract negotiations

Finalized contract negotiations in advance of the client's timetable, at the same time disposing of a pending lawsuit that arose from interpretation of the prior labor contract. The court case, if litigated to conclusion, could have resulted in significant unbudgeted expense and a negative impact on the labor-management relationship. By resolving the lawsuit as part of the new contract negotiation, the client was able to manage its budget responsibly and avoided the uncertainty of a judicial decision, the cost of appeals, and negative publicity.
