Experience

Management services organization development

Served as lead counsel to an Ohio-based health network in developing a unique physician-led management services organization (MSO) providing day-to-day operation and management of multiple breast health centers. This unique MSO also developed a clinically integrated incentive strategy within the network of primary care and OB-GYN physicians to implement a physician-designed evidence-based patient protocol to enhance breast health, early detection and prevention in the health network's market area.
