

Carlos G. Maciel

Public Finance Analyst

Carlos Maciel is an asset to the firm's Public Finance team, aiding attorneys, paralegals and staff members with financial and strategic analysis. His experience includes advanced econometric modeling, statistical software, data management, academic research and financial modeling.

Carlos was previously a risk analyst and custom underwriter for a global financial services firm, where he served as the subject matter specialist for international mortgages, onshore and offshore loans, operational companies and hard assets.

Carlos is fluent in Portuguese and also manages a successful economics blog.

Education

- The Levy Institute of Bard College (M.S. in Economic Theory and Policy), 2016
- Denison University (B.A. in Economics and International Studies, *cum laude*), 2014; Presidential Medal, Distinguished Leadership Award; Sperry and Hutchinson Economics Award; NCAA Post Graduate Scholarship; Two-time NCAA National Champion; Three-time Capital One Academic All-American
